

COVID-19 Impact and Recovery Report: Travel-Related Measures

Updated: September 1, 2021

This document provides an evergreen assessment of the situation in Canada. It has the following sections:

- Travel-Related Measures:** A summary of the travel and tourism-related measures in place in each province and territory. Current travel restrictions and self-isolation requirements are also available on Destination Canada’s website: <https://caen-keepexploring.canada.travel/covid-19-traveller-guidance>
- Methodological Notes:** An explanation of the methodologies in the different sections and relevant sources.

1. TRAVEL-RELATED MEASURES

In addition to federal government testing procedures and potential isolation requirements for those who are eligible to enter Canada, individual provinces and territories have implemented measures on travel between provinces and territories. Please consult the Government of Canada website for the latest federal travel requirements: <https://travel.gc.ca/travel-covid>.

The below table outlines self-isolation requirements for domestic travellers entering into each province or territory, as well as restrictions on travel across provincial and territorial borders. Tracking these measures is challenging given the fluid nature of COVID-19. This information was collected by provincial and territorial tourism marketing authorities and relevant tourism departments and current as of September 1, 2021.

Travel Measures

	Traveller self-isolation required?	Travel restrictions?
British Columbia 1, 2, 3, 4	<p>No self-isolation for domestic travellers entering British Columbia.</p> <p>As of August 9, no self-isolation upon entering British Columbia for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering British Columbia, but must follow strict public health measures that include avoiding crowded settings.</p>	<p>No travel restrictions for domestic travellers entering British Columbia. Some Indigenous communities in BC are not welcoming visitors at this time. Indigenous Tourism BC has a list of Indigenous experiences in the province that are currently open and welcoming visitors.</p> <p>As of August 20, non-essential travel to and from the Interior Health region should be avoided.</p> <p>As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to British Columbia. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</p>
Alberta	<p>No self-isolation for domestic travellers entering Alberta.</p> <p>As of August 9, no self-isolation upon entering Alberta for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Alberta, but must follow strict public health measures that include avoiding crowded settings.</p>	<p>No travel restrictions for domestic travellers entering Alberta.</p> <p>As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Alberta. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</p>
Saskatchewan	<p>No self-isolation for domestic travellers entering Saskatchewan.</p> <p>As of August 9, no self-isolation upon entering Saskatchewan for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Saskatchewan, but must follow strict public health measures that include avoiding crowded settings.</p>	<p>No travel restrictions for domestic travellers entering Saskatchewan.</p> <p>As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Saskatchewan. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</p>
Manitoba ^{5, 6}	<p>No self-isolation upon entering Manitoba for fully vaccinated domestic travellers. Partially vaccinated or unvaccinated domestic travellers must complete a 14-day self-isolation. Unvaccinated children under 12 years of age of fully vaccinated domestic travellers are exempt from self-isolation.</p> <p>As of August 9, no self-isolation upon entering Manitoba for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Manitoba, but must follow strict public health measures that include avoiding crowded settings.</p>	<p>No travel restrictions for fully vaccinated domestic travellers entering Manitoba. Partially vaccinated or unvaccinated domestic travellers are required to self-isolate.</p> <p>Travel to and from northern Manitoba is restricted, with exceptions for those who are fully vaccinated, those who are travelling directly to cottages, provincial parks, campgrounds or hunting and fishing lodges, and other specific exceptions.</p> <p>As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Manitoba. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</p>
Ontario	<p>No self-isolation required for domestic travellers entering Ontario.</p> <p>As of August 9, no self-isolation upon entering Ontario for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Ontario, but must follow strict public health measures that include avoiding crowded settings.</p>	<p>No travel restrictions for domestic travellers entering Ontario.</p> <p>As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Ontario. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</p>
Quebec	<p>No self-isolation required for domestic travellers entering Quebec.</p> <p>As of August 9, no self-isolation upon entering Quebec for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Quebec, but must follow strict public health measures that include avoiding crowded settings.</p>	<p>No travel restrictions for domestic travellers entering Quebec.</p> <p>As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Quebec. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</p>

Traveller self-isolation required?

Travel restrictions?

	Traveller self-isolation required?	Travel restrictions?
New Brunswick	<p>No self-isolation required for domestic travellers entering New Brunswick.</p> <p>As of August 9, no self-isolation upon entering New Brunswick for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering New Brunswick, but must follow strict public health measures that include avoiding crowded settings.</p>	<p>No travel restrictions for domestic travellers entering New Brunswick.</p> <p>As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to New Brunswick. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</p>
Nova Scotia ^{7, 8}	<p>As of August 25, travellers from New Brunswick must follow self-isolation protocol dependent on vaccine status: 2 doses at least 14 days before arrival = no self-isolation; 1 dose at least 14 days before arrival = 7-day self-isolation and 2 negative tests; no vaccine = 14-day self-isolation.</p> <p>No self-isolation requirements for travellers from Prince Edward Island, and Newfoundland and Labrador.</p> <p>Travellers from other Canadian provinces and territories follow self-isolation protocol dependent on vaccine status: 2 doses at least 14 days before arrival = no self-isolation; 1 dose at least 14 days before arrival = 7-day self-isolation and 2 negative tests; no vaccine = 14-day self-isolation.</p> <p>As of August 9, no self-isolation upon entering Nova Scotia for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Nova Scotia, but must follow strict public health measures that include avoiding crowded settings.</p>	<p>As of August 25, no travel restrictions for travellers from New Brunswick, but they must complete the Safe Check-in Form and refer to the self-isolation protocol dependent on vaccine status.</p> <p>No travel restrictions for travellers from Prince Edward Island and Newfoundland and Labrador.</p> <p>No travel restrictions for travellers from other Canadian provinces and territories, but they must complete the Safe Check-in Form and refer to the self-isolation protocol dependent on vaccine status.</p> <p>As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have completed the Safe Check-in Form can travel to Nova Scotia. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</p>
Prince Edward Island ⁹	<p>Partially or fully vaccinated people travelling to Prince Edward Island from within Atlantic Canada or the Magdalen Islands and who have a PEI Pass do not have to self-isolate, subject to rapid testing at point of entry.</p> <p>Fully vaccinated people travelling to Prince Edward Island from within Canada, but outside of Atlantic Canada, and who have a PEI Pass do not have to self-isolate, subject to rapid testing at point of entry.</p> <p>Unvaccinated or partially vaccinated PEI residents and Canadian visitors travelling from within Canada, but outside of Atlantic Canada, are required to complete a declaration form and self-isolate for 8 days, with testing at point of entry and on day 8.</p> <p>As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have a PEI Pass do not have to self-isolate, subject to rapid testing at point of entry. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Prince Edward Island, but must follow strict public health measures that include avoiding crowded settings.</p>	<p>All Canadian residents can travel to Prince Edward Island with restrictions for those who do not have a PEI Pass.</p> <p>As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have a PEI Pass can travel to Prince Edward Island. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</p>
Newfoundland and Labrador ^{10, 11}	<p>All travellers who have not travelled beyond Atlantic Canada in the last 14 days are not required to self-isolate upon entering Newfoundland and Labrador, regardless of vaccination status.</p> <p>As of August 1, fully or partially vaccinated Canadian residents have no testing or self-isolation requirements. Unvaccinated Canadians are tested on day 7, 8 or 9, and must self-isolate until receipt of a negative test result. Mixed groups of vaccinated and unvaccinated adult travellers must follow the rules for unvaccinated travellers. Unvaccinated children under the age of 12 travelling with vaccinated or partially vaccinated adults are not required to self-isolate.</p> <p>As of August 9, no self-isolation upon entering Newfoundland & Labrador for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Newfoundland and Labrador, but must follow strict public health measures that include avoiding crowded settings.</p>	<p>All Canadians are permitted to enter Newfoundland and Labrador. All travellers can complete the Travel Form up to 30 days prior to their travel date.</p> <p>As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have submitted the Travel Form up to 30 days prior to their travel date can travel to Newfoundland and Labrador. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</p>
Yukon ¹²	<p>No self-isolation required for domestic travellers entering Yukon.</p> <p>As of August 9, no self-isolation upon entering Yukon for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Yukon, but must follow strict public health measures that include avoiding crowded settings.</p>	<p>No travel restrictions for domestic travellers entering Yukon. Several First Nations governments and communities currently have travel advisories in place. Travellers are asked to travel responsibly and follow the Safe 6.</p> <p>As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Yukon. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</p>

Traveller self-isolation required?

Travel restrictions?

Northwest Territories ^{13, 14}

No self-isolation required for fully vaccinated travellers admitted into the Northwest Territories (residents, non-resident essential workers or travellers with an exemption). Fully vaccinated travellers going to communities other than Yellowknife, Inuvik, Fort Smith, Hay River, Fort Simpson and Norman Wells require a COVID-19 test on days 1 and 14. Mandatory 8-day self-isolation for partially vaccinated admitted travellers with a COVID-19 test on day 8. Mandatory 10-day self-isolation for unvaccinated admitted travellers, including children under 12 and household members who did not travel, with a COVID-19 test on day 10. All travellers entering the Northwest Territories must file a self-isolation plan, regardless of vaccination status. To fill out a self-isolation plan and find further information about NWT travel restrictions, visit the Government of the Northwest Territories [website](#).

As of August 9, no self-isolation is required for [fully vaccinated](#) American citizens and permanent residents of the United States (who currently reside in the US), who are admitted to enter the Northwest Territories. Unvaccinated children (and those travelling with them) will not be able to forgo the mandatory 10-day isolation requirement. All travellers entering the Northwest Territories must file a self-isolation plan, regardless of vaccination status. To fill out a self-isolation plan and find further information about NWT travel restrictions, visit the Government of the Northwest Territories [website](#).

Leisure travel into the Northwest Territories by non-residents is currently not permitted. Exemptions are considered for compassionate reasons, family reunification, exceptional circumstances, travel from Nunavut, and remote tourism with tourism operators with plans approved by the Chief Public Health Officer.

As of August 9, [fully vaccinated](#) American citizens and permanent residents of the United States (who currently reside in the US) may be authorized to travel to the Northwest Territories only to participate in remote tourism with an approved remote tourism operator. Fully vaccinated American travellers must have an exemption from the Northwest Territories Chief Public Health Officer; exemption requests will be assessed on a case-by-case basis. Entry will continue to be prohibited for American travellers who are not fully vaccinated.

Nunavut ^{15, 16}

As of August 17, mandatory isolation for travellers entering from the Northwest Territories who are not fully vaccinated, with limited exceptions.

No isolation required for travellers admitted to enter Nunavut who are fully vaccinated and who have received an exemption after completing the [Traveller's Declaration Form](#). Mandatory 14-day isolation for all other admitted travellers prior to boarding a plane to Nunavut, except for those travelling directly from Churchill, Manitoba and Nunavik, Quebec. Mandatory isolation must occur in government-designated sites in Edmonton, Winnipeg, Ottawa or Yellowknife.

As of August 2, unvaccinated children travelling with fully vaccinated parents or guardians can self-isolate for 14 days in Nunavut rather than at a government-designated site outside of the territory.

As of August 9, no self-isolation is required for [fully vaccinated](#) American citizens and permanent residents of the United States (who currently reside in the US), who are admitted to enter Nunavut. Unvaccinated children will not be able to forgo the mandatory 14-day self-isolation requirement.

As of August 17, the common travel area with the Northwest Territories is suspended.

Entry into Nunavut requires authorization from the territory's Chief Public Health Officer. Authorization may be granted for: residents, critical workers, those travelling within the common travel areas of Churchill, Manitoba and Nunavik, Quebec, and non-residents entering for family reunification, exercising Aboriginal or treaty rights, or engaging in wilderness tourism with an operator that has an approved Wilderness Tourism Operator COVID-19 Operations Plan.

As of August 9, [fully vaccinated](#) American citizens and permanent residents of the United States (who currently reside in the US) may be authorized to travel to Nunavut. Entry will continue to be prohibited for American travellers who are not fully vaccinated.

Most Parks Canada places will be open and welcoming visitors with adjustments to access and services. Access to visitor facilities and services may be limited. Please consult the Parks Canada website for an updated list of specific Parks Canada locations with special instructions: <https://www.pc.gc.ca/en/voyage-travel/securite-safety/covid-19-info#locations>

Most provinces and territories have implemented a framework to guide re-opening strategies catered to their individual circumstances. Since each province and territory is starting from a different baseline to implement the reopening of their local economy, the phases and stages are not congruent across jurisdictions. The table below outlines the current status of restrictions on tourism-related sectors as of September 1, 2021. Unless noted, persons must gather and business must operate with sufficient social distancing measures in place. Many destinations require non-medical masks to be worn and all visitors should plan on having masks ready if needed.

Tourism Related Measures

	Current Phase/Stage	Hotels & Accommodation	Restaurants & Dining	Activities & Attractions	Large Gatherings/ Conferences
British Columbia 17, 18, 19, 20, 21, 22	<p>BC is in Step 3 of its 4-step Restart Plan.</p> <p>As of August 25, masks are mandatory throughout British Columbia in indoor public spaces for anyone aged 12 and older.</p> <p>Proof of vaccination will soon be required to access some events, services and businesses. Again.</p> <p>As of August 10, masks will no longer be mandatory in most indoor public spaces except in some health-care settings. Please note that some businesses are maintaining a mask requirement based on their own COVID-19 policies.</p>	<p>Accommodations are open with control/safety measures in place.</p> <p>Campsites are permitted to open for day use and overnight use subject to the Guidelines for Campgrounds General Restrictions.</p>	<p>All restaurants and licenced establishments can resume regular operations with the exception of self-serve buffets (still prohibited) as long as physical distancing can be maintained.</p>	<p>Retail stores may operate with distancing measures in place. Cinemas, performance spaces and arenas can open to maximum 500 people indoors and outdoors with physical distancing.</p>	<p>Informal private indoor gatherings can have the number of people who can fit into the space with physical distancing.</p> <p>As of August 10, formal gatherings of maximum 500 people indoors or outdoors are permitted with physical distancing.</p> <p>Large indoor and outdoor venues with a capacity of 500 people or more, including theatres and performing arts, entertainment and sports venues, can have separated cohorts with physical distancing.</p>
Yukon 40, 41	<p>As of August 20, Yukon is guided by Forging Ahead. The Yukon's Continuing Response to COVID-19.</p> <p>As of August 26, all public health orders are lifted. Although masks are no longer mandatory in indoor public places, some facilities and businesses may choose to maintain their own policies on health measures, including mask use.</p>	<p>Accommodations are open with control/safety measures in place.</p>	<p>All restaurants and licenced establishments can resume regular operations.</p>	<p>As of August 26, most businesses and enterprises can resume regular operations. Most parks and outdoor spaces are open. It is recommended to check with the facility, tourism operator or Yukon Parks directly to confirm its status.</p>	<p>As of August 26, all public health measures are lifted for indoor and outdoor gatherings.</p>
Northwest Territories 42, 43, 44	<p>Northwest Territories is in the Indoor Gatherings phase of its reopening plan, Emerging Wisely 2021: Step by Step Together.</p> <p>As of August 26, masks are mandatory throughout the Northwest Territories in indoor public spaces.</p>	<p>Accommodations are open with control/safety measures in place.</p>	<p>Restaurants, bars and lounges can operate at maximum capacity or 200 people, whichever is less.</p>	<p>All businesses and enterprises are permitted to operate with adherence to health measures and following sectoral guidelines. In addition, most parks and outdoor spaces are open. It is recommended to check with the facility or tourism operator directly to confirm its status.</p>	<p>Most indoor and outdoor gatherings, both private and public, and including business gatherings like tradeshows and conferences, can have up to 200 people.</p>
Nunavut 45, 46, 47	<p>Nunavut is guided by Nunavut's Path: Living with COVID-19, an approach that supports the territory in its long-term response to COVID-19.</p>	<p>Accommodations are open with control/safety measures in place.</p>	<p>Food service and licenced establishments may open to maximum 75% capacity.</p>	<p>Businesses can open with sufficient physical distancing. Businesses that cannot maintain physical distancing may have maximum 10 customers. Galleries and museums can open to maximum 50% capacity or 25 people, whichever is less. Group tours can have up to 10 people and masks are mandatory. Theatres can open to maximum 75% capacity or 100 people, whichever is less. All municipal and territorial parks may open. Arenas can open to maximum 50% capacity or 50 people, whichever is less.</p>	<p>Gatherings in homes are limited to a household plus 15 people. There are no restrictions on outdoor gatherings. Indoor gatherings outside of homes can have maximum 50% capacity or 50 people, whichever is less. Indoor gatherings in community halls, conference spaces, and within government and Inuit organization facilities can have maximum 75% capacity or 100 people.</p>

2. METHODOLOGICAL NOTES

I. Travel-Related Measures: In conjunction with provincial and territorial partners, Destination Canada has sourced information directly from provincial and territorial government websites; additional insights are provided by provincial and territorial partners where relevant or where information from official sources is incomplete. The intention for this section is to provide the latest available information as of the date of the report. Given the evolving nature of these measures and phased opening strategies, readers are encouraged to seek information from official government sources for the most current information.
